

Using the Imagine Health Provider Search

Making the most of your options is easy with Imagine Health. These providers give you direct access to quality care without having to worry about any charges beyond your plan's co-payment or co-insurance amount.

Search providers.imaginehealth.com for providers to meet your healthcare needs, including primary care, specialists and diagnostic testing. This directory is updated daily with the most current list of providers in your area.

Start Your Search Now:

- Go to providers.imaginehealth.com
- Enter and select your city or zip code
- You have four search options:

Search: Enter a provider name, address or specialty. When searching for a specific specialty, enter the field, rather than the provider title (i.e., search for "cardiology," not "cardiologist").

Top Searches: Search by frequently searched providers and services (e.g., Primary Care, OB/GYN, Pediatricians, Urgent Care Facilities, Walk-In Clinics).

Doctors: Choose from a comprehensive list of specialist options (e.g., Cardiology, Dermatology, Urology).

Facilities: Select from a list of facility and service types (e.g., Hospitals, Urgent Care, Hospice, Infusion, Laboratory).

- Results are shown as a list or map. Filter by name or location, or change the search radius.

Imagine Health also gives you access to:

- All CVS Minute Clinics® nationwide
- Laboratory services provided through Quest Diagnostics

When you go to a provider for care, there are a few “rules of the road.”

- At check-in or registration, provide your Benefits ID card.
- If the provider does not recognize the Imagine Health logo or indicates they don't accept your insurance, encourage them to call the provider phone number on your Benefits ID card to verify your eligibility for benefits.
- At any time, if you are asked to pay up front, call the member number on your Benefits ID card to speak to someone who will work through the issue right away.

For a current and complete list of providers, visit providers.imaginehealth.com or download the mobile app. (Updated directory with new Ardent locations available January 1, 2024.)
